Hay que establecer vinculos con las personas "creadoras de contenido" (influencers) en redes sociales y con las plataformas que de inteligencia artificial ya que son claves en este tiempo.

Generar un compromiso con las organizaciones de personas comunicadoras para impulsar narrativas que no promuevan la discriminación ni la criminalización de las personas migrantes

When bringing in media we will need a communications team to control a narrative that uplifts migrant voices rather than playing into campaigns of fear. Language is power.

Partner with ethical media and data orgs to co-create narratives, and with private sector allies who invest in migrant-led, impact-driven programs.

Del sector privado se requiere asociaciones basadas en responsabilidad social y justicia laboral, respetando los derechos laborales de los trabajadores migrantes y sus familias

This is why Youth engagement is important - especially in the form of social media engagement. Media sometimes will not reflect the migrant realities. Youth can use their reach further than media..

De los medios de comunicación se requiere alianzas para transformar narrativas y combatir la xenofobia

What partnerships do we need with the private sector and the media to progress these goals- commitments and securing alliances?

Ethical recruitment and decent work should ensured by the private sectors and media should focus on positive reports of migrants contribution at the county of origin and destination.

Periodismo ético, inclusivo y con enfoque interseccional

Real commitment and investment to prevent violation of human rights and real info about the problem

Producción y difusión de contenidos que dignifiquen a las personas migrantes, visibilicen sus aportes y desmonten prejuicios; Inclusión de voces migrantes en la agenda informativa como protagonistas
